

Rockprice

Your customized online price list

HUNGARY - Edition 10-02-2025

ProRox®

Industrial
insulation

The Rockprice prices apply for Hungary and are effective as of 01-02-2025

From one expert to another

Our customized online price list meets your needs

As experts we like to stay up to speed. Or better still: ahead of the curve. Our knowledge of the insulation business is second to none. Which means we are able to offer specialists like you a comprehensive range of innovative industrial and marine and offshore insulation products (through our ProRox® and SeaRox® lines). And we also ensure you benefit from our expertise. Our dedicated, technically experienced people are totally committed to providing the very best service and tools on the market. As well as a full range of cutting-edge insulation solutions for your maximum efficiency and convenience on the job.

Our newest tool is **Rockprice**. This user-friendly online price tool displays the current price of our latest ProRox and SeaRox solutions in real time, 24/7. Fully customized, simply select your products and create your own price list. How about that!

The idea behind Rockprice is simple: printed price lists very quickly become outdated, they cannot be customized and they are far from sustainable (all that paper!). We want to do something about that with this new online price tool. Over the following pages we'll show you how you can benefit from Rockprice. You will see that selecting the right product and creating dedicated price lists has never been so easy.

Should you need any further information about Rockprice, including how to use it, I invite you to see rockprice-rti.rockwool.com or contact your local ROCKWOOL® Technical Insulation representative. You can always count on us!

John Mogensen
ROCKWOOL Technical Insulation
Managing Director

See page 7 for your up-to-date customized product price overview.

Always check the latest prices on Rockprice, our online price tool.

ROCKWOOL Technical Insulation Management Team

"We are a global company on your doorstep."

How do you benefit from Rockprice?

This is what you get!

Rockprice is an online price tool that displays the prices of ROCKWOOL ProRox and SeaRox technical insulation product solutions in real time.

- User-friendly, accessible 24/7, wherever you are
- The latest ProRox and SeaRox products and prices online
- Dedicated, customized price list
- Create Excels or PDFs for easy handling, calculations and printing

Create your own dedicated price lists!

Scan this QR code or click the link below

rockprice-rti.rockwool.com

to go directly to Rockprice.

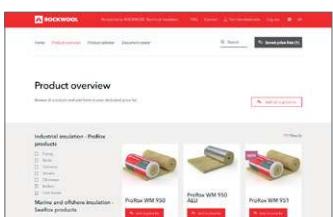

So how does it work?

Rockprice is easy to use. Just go to **rockprice-rti.rockwool.com** and follow these simple steps.

Step 1: Sign up and log in

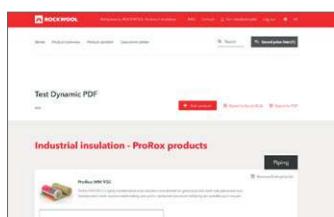

Sign up - or if you have already done so - enter your username and password to log in.

Step 2: Search for your products

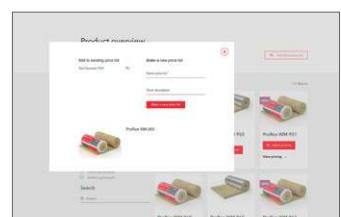

Search for products in the product overview, with a direct search or by application.

Step 3: Browse the prices

Check all the prices. You can use your approved ROCKWOOL Technical Insulation discount.

Step 4: Create and export your price lists

Make dedicated price lists and export prices to Excel and PDF.

Tools & documentation

Looking for additional services and documentation on our solutions?
You can find all the information you need online.

DOP Finder

The fastest way to get a **Declaration of Performance** for our products is to download it from our website.

Download DOP:
<https://rti.rockwool.com/tools-and-documentation/tools/dop-finder/>

Rockassist

Use our free **online calculation tool** to calculate the ideal insulation thickness for all your technical installations in the process industry. The first step towards maximizing your operational energy efficiency and helping reduce your energy costs and CO₂ emissions!

Register to use Rockassist:
<https://www.rockassist.com/>

Documentation centre

To make it easy for you, we've brought together **all the information on our solutions** in our online documentation centre. You'll find all our brochures, product data sheets, installation guidelines and much more.

Visit our documentation centre:
<https://rti.rockwool.com/tools-and-documentation/documentation>

ProRox®

Industrial
insulation

Our product names, a logical structure

Each product name is structured in the same clear way:

e.g.: **ProRox PS 960 ALU**

Product range

2 last digits = refer to other product characteristics

Product identifier:

WM = Wired Mats

SL = Slabs

MA = Mats

PS = Pipe Sections

GR = Granulate

Application code:

1st digit:

3 = Acoustics

4 = Outfitting

5 = Compressive strength

6 = Fire protection

7 = Thermo-acoustic comfort

9 = Thermal insulation

Product facings:

ALU = reinforced aluminium foil facing

Industrial insulation - ProRox products

ProRox PS 960

ProRox PS 960 is a mandrel-wound stone wool insulation pipe section. The pipe sections are produced with an innovative water-repellent binder, known as WR-Tech™, to mitigate the risk of corrosion under insulation (CUI). WR-Tech ensures our stone wool maintains its superior water repellency even at elevated operating temperatures within the CUI range, while preserving its excellent thermal performance in use. Reinforced aluminium foil (ALU) facing is available upon request.

Application:

The highly durable insulation sections come split and hinged for easy snap-on assembly and are especially suitable for the thermal and acoustic insulation of industrial pipework, marine and offshore installations.

ProRox PS 960 ALU

ProRox PS 960 ALU is a mandrel-wound stone wool insulation pipe section, faced on one side with a reinforced aluminium foil. The pipe sections are produced with an innovative water-repellent binder, known as WR-Tech™, to mitigate the risk of corrosion under insulation (CUI). WR-Tech ensures our stone wool maintains its superior water repellency even at elevated operating temperatures within the CUI range, while preserving its excellent thermal performance in use.

Application:

The highly durable insulation sections come split and hinged for easy snap-on assembly and are especially suitable for the thermal and acoustic insulation of industrial pipework, marine and offshore installations.

ProRox WM 950

ProRox WM 950 is a lightly bonded stone wool insulation mat stitched on galvanized wire mesh with galvanized wire. Stainless steel mesh and binding wire (SW), and/or reinforced aluminium foil (ALU) facing are available upon request.

Application:

The wired mat is suitable for the thermal and acoustic insulation of industrial installations exposed to the environment when high-temperature resistance is demanded, such as industrial pipework, reactors and hot columns at petrochemical plants and refineries.

ProRox WM 950 ALU

ProRox WM 950 ALU is a lightly bonded stone wool insulation mat stitched on galvanized wire mesh with galvanized wire, faced on one side with reinforced aluminium foil.

Application:

The wired mat is suitable for the thermal and acoustic insulation of industrial installations exposed to the environment when high-temperature resistance is demanded, such as industrial pipework, reactors and hot columns at petrochemical plants and refineries.

ProRox WM 960

ProRox WM 960 is a lightly bonded heavy-duty stone wool insulation mat stitched on galvanized wired mesh with galvanized wire. Stainless steel mesh and binding wire (SW), and/or reinforced aluminium foil (ALU) facing are available upon request.

Application:

The wired mat is especially suitable for the thermal insulation of industrial applications when high-temperature resistance is demanded, such as high-pressure steam pipes, reactors and furnaces.

ProRox MA 520 ALU

ProRox MA 520 ALU is a compression-resistant, flexible stone wool insulation mat (wrap) with a predominantly vertical fiber structure, faced on one side with reinforced aluminium foil.

Application:

The mat (wrap) is suitable for the thermal and acoustic insulation of industrial applications up to intermediate temperatures, such as large diameter piping, vessels, ducts and equipment. ProRox MA 520 ALU is temporary not available in packs but will be delivered only per pallet. Please ask your local sales representative for more information.

Only full truck orders possible

Szállítási feltételek

Szállítási feltétel	Teljes kamion	Kevesebb, mint egy teljes kamion A
A	a rendelés visszaigazolástól számított 2 munkanapon belül (+2 munkanap)	
B	a rendelés visszaigazolástól számított 10 munkanapon belül	Id.a teljes kamionra vonatkozó B feltételek + 2 munkanap
C	egyedi megállapodás alapján	

ROCKWOOL Technical Insulation

ROCKWOOL Technical Insulation, is part of the ROCKWOOL Group, and is offering advanced technical insulation solutions for the process industry as well as the marine & offshore.

At ROCKWOOL Group, we are committed to enriching the lives of everyone who comes into contact with our solutions. Our expertise is perfectly suited to tackling many of today's biggest sustainability and development challenges, from energy consumption and noise pollution to fire resilience, water scarcity and flooding. Our range of products reflects the diversity of the world's needs, while supporting our stakeholders in reducing their own carbon footprint.

Stone wool is a versatile material and forms the basis of all our businesses. With approx. 11,700 passionate colleagues in 39 countries, we are the world leader in stone wool solutions, from building insulation to acoustic ceilings, external cladding systems to horticultural solutions, engineered fibres for industrial use to insulation for the process industry and marine & offshore.

All statements correspond to our current range of knowledge and so are up to date. The examples of use outlined in this document serve exclusively as examples and do not take special circumstances of specific cases into account. Continual product development is very important to ROCKWOOL Technical Insulation. This means we work constantly to improve our products without prior notice. We therefore recommend you ensure you always have the latest edition of our publications, as our wealth of experience and knowledge is growing all the time. Should you require additional information for your specific application or if you have any technical queries, please contact our sales department or visit our website rti.rockwool.com.
